

Ok Away Parental Consent Form

Children under 16 years of age are unable to use the Ok Away application without permission from a parent or legal guardian.

A Parent or Guardian will need to complete the form below and return it to us via email: privacy@okaway.co in order to add a child under 16 to your Family Account.

Once your consent has been granted, Ok Away will collect information including name, email address, mobile number, age, gender, device I.D and location data.

Ok Away will disclose this information to other members of the family account that have permission to access this information. Access to the Family Account is invite only. Any other person the Family Account decides to add or follow on the Ok Away application will also be able to follow and view the name and GPS mapped location of the child.

Ok Away may also share personal information including location data collected from a child under 16 with our partners or third party service providers as per our Ok Away Privacy Policy <https://okaway.co/privacy-policy/>

However, we will not share personal information associated with any account registered by a parent for a child under 16 with third party partners for advertising purposes.

Parent or Guardian consent is required before Ok Away can collect, use or disclose any information from children under the age of 16. Ok Away will not collect this information without consent.

Please print the form below, complete, scan (or take a clear photo with your phone) and return to email: privacy@okaway.co

Please complete contact information for the Child whom you would like to give permission to access Ok Away.
